ACCESSORIES

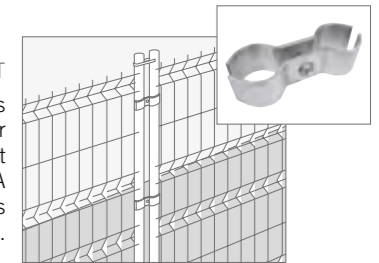

PORTABLE FENCE DOOR

This is a portable door that can be set up anywhere in the fence, and therefore it's as versatile as the fence itself. The door can be fixed to any frame of our fences through the standard hinges. Measures 1m00 and 3m50.

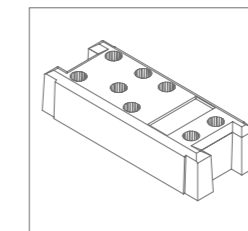

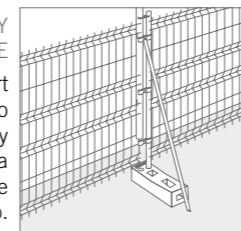

SECURITY BRACKET

The frames of the fences can be secured together with the security bracket and a security screw. A security support pole is optional.

SECURITY SUPPORT POLE

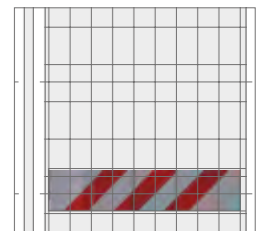

Security support pole used to increase stability along with an adjustable clamp.

CEMENT BASE

PILOT LIGHT

REFLECTING STRIP
